

YOSEMITE FIREFALL EXPRESS

February 8-9, 15-17, 22-23, 2025*

Firefall is a natural phenomenon that only occurs in Yosemite Valley in late February, as the setting sun illuminates El Capitan's seasonal Horsetail Fall, transforming the waterfall into a magical ribbon of cascading molten gold.

During the last three weekends of February's world-famous Firefall, the National Park Service implements a temporary reservation system for anyone driving their own vehicle into the Park.

Or you can avoid the reservation system, leave the driving and logistics to us, and enjoy a nice cup of hot cocoa along the way on our Yosemite Firefall Express Shuttle.
